CONGRATULATIONS

TO

Doug Rose for a First and Best of Division for his Merganser and an Honorable Mention for his Bluebird.

Rosie Rosenberg for a First on his Wood duck and 1st and Best of Division for Miniature Mallard.

Jim Jameson for Second for his Western Tanager

John Lee for an Honorable Mention for his Western Tanager.

They all competed at the Vancouver, WA show in September.

WAY TO GO GUYS

ANOTHER SUCCESSFUL PICNIC

There were about 24 people in attendance at the picnic and the food was delicious, as always.

We had a good "Show and Tell", **Claire** brought three of his bark house carvings, **Lou** brought, our October project and **Don B.** brought some of his latest carvings.

There was a very short business meeting, during which **ERIC OWENS**, was honored for all he does for the Guild by being named as our (the Guild's) Ambassador, with all the rights and privileges thereof. It was carefully explained to him, however, that we do not know what his "Rights and Privileges" are, but he still has to pay his dues, because he is too young.

Special thanks to Wright Congregation Church for letting us use their facility.

Annual Dues Now Due

September is the traditional time for our Guild members to re-new their membership. The cost is \$20 per year per family. Please see Treasurer Jim, about updating your membership, you will be glad you did..

Bark Carving Class Offered

As promised, on October 20th at Eric Owens home, there will be a Bark carving class offered by Beck and Claire.

The class will run from 9am-4pm. We will call out for pizza, or you can bring your own lunch, the point being we are there to carve not eat. Beck and Claire will get you well along in your project and the following Thursday evenings someone will be around to help you finish. The class is free to club members. You will need to buy your bark at the class and it will range between \$5-10 per piece, depending on what you choose.

IT WILL BE VERY HELPFUL IF YOU WOULD LET US KNOW
THAT YOU ARE PLANNING TO ATTEND BY SENDING
YOUR NAME AND A YES TO: LDCCCSF@gmail.com

October's Project

This is a really fun project in that it is also something of a perpetual motion device. That black spot in his hands holds a dowel rod, that sits on two rails that are curved and he just rolls along head over heels back and forth. Some of us saw a completed one a couple meetings back and also at the picnic.

Carving Tools for Sale

I was given to sell about 30 long (not palm) carving tools. These are quality tools in good shape. They have been priced and I am acting as the go between (seller and buyer). I will bring them to the meeting.
