IWG meetings have been suspended for the months of June, July and August. We will notify you when they resume. Eric and Thekla have offered to host small open carving sessions at their place on Thursdays when possible. If you would like to participate, please contact them in advance so they can confirm there will be a session that week, and so they can plan accordingly and provide directions to their place.

There is not a lot of other news to report this month. We hope you are staying healthy and finding time to put blades to some wood. Those who attended the first couple of open carving sessions at Eric and Thekla's had a fine time. Even with social distancing, it was great to see each other and catch up. We remind you that you can send photos of your work to Eric for posting on the club Facebook page or to Doug for inclusion in the newsletter:
