

DECEMBER 10 MEETING ANNOUNCEMENT

OK Carvers. Recess is over. We will have a December meeting on our regular second Thursday, December 10 date, but like so much else these days, it will be done remotely with ZOOM. If you are one of the few in today's world who has not yet downloaded this program to your device, you will want to do so before the meeting. Club President Larry Crist will be sending you an invitation to join the meeting by email. All you have to do is click on that link and you will be invited to download or launch Zoom. Do this before the start time for the meeting so you will be ready to join the meeting when it starts. Here is the agenda for the meeting.

6:30 p.m. Larry Crist will open the meeting and conduct club business.

7:10 p.m. Show and Tell. Have your carvings ready to hold up to the camera on your phone or computer. Just give your name and hold your carving so it appears with the picture of you on the screen. Your voice will direct the meeting to you, so just speak up when there is a gap and you will be on everyone's screen with your carving.

7:30 p.m. Carving Demo. Eric Owens will give an on screen demonstration of how to carve a 1" x 1" x 4" Santa. This will occupy the rest of the meeting. Larry plans to post a video on the new club Youtube channel on how to paint your Santa if you want to see how he does it. We will send instructions on how to access it when it is posted.
